

FIG. 2

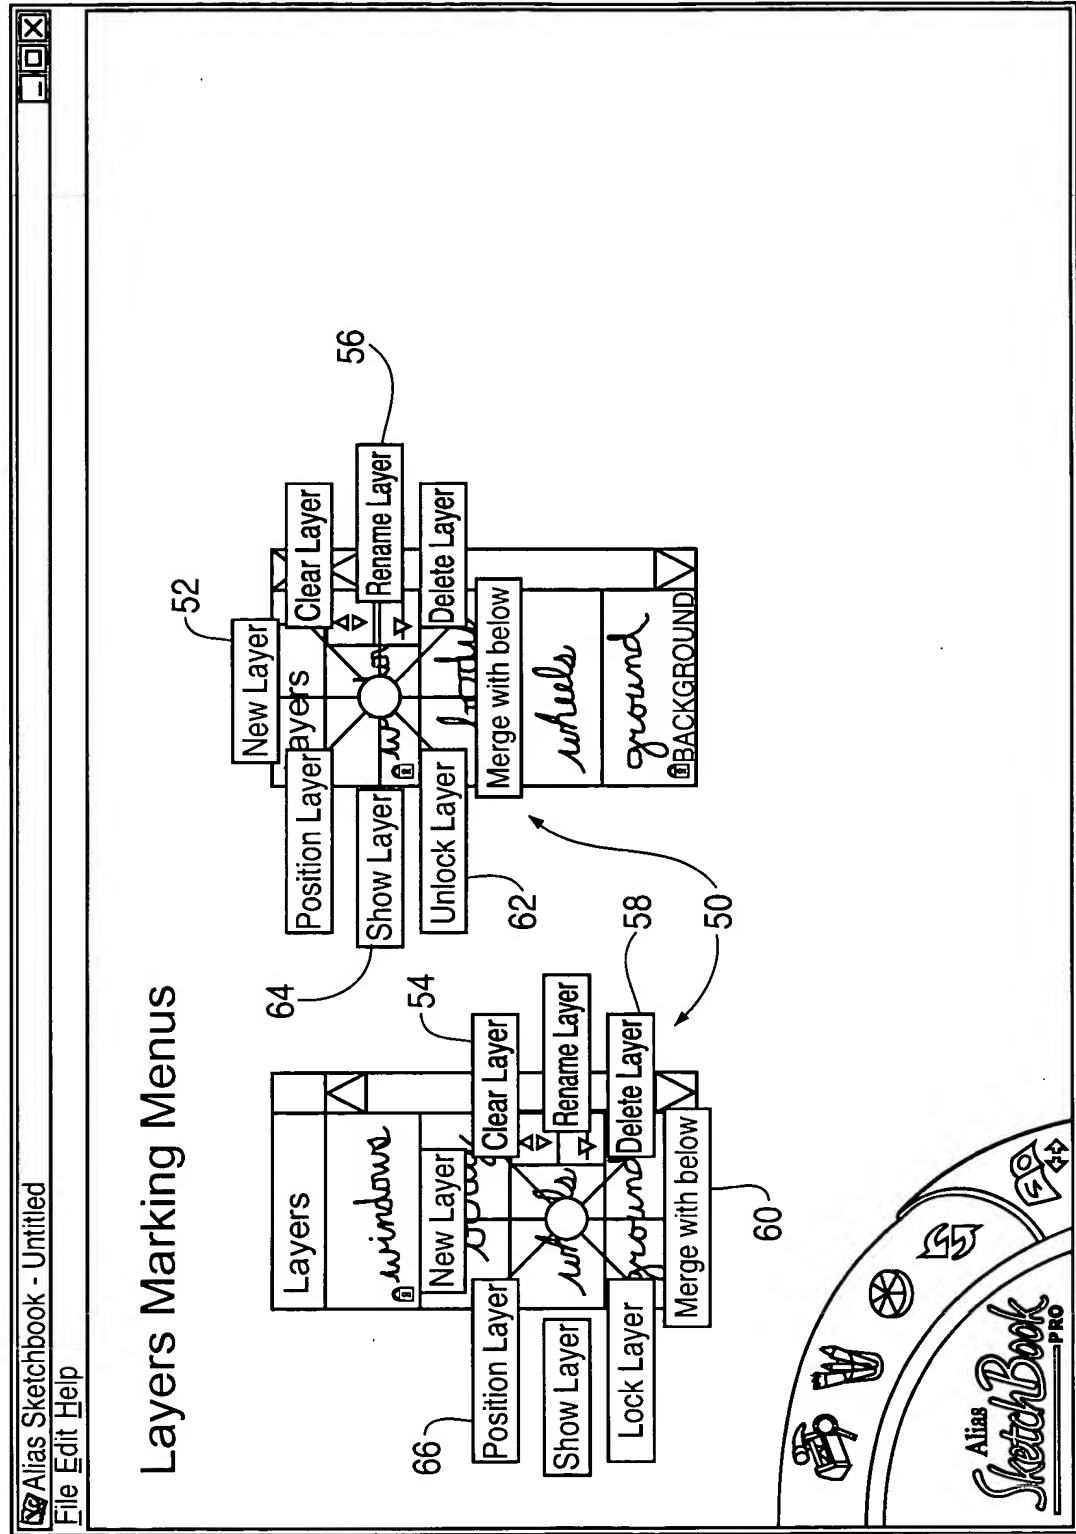

Diagram illustrating the Layers Naming process in Alias SketchBook Pro.

The diagram shows a 'Layers' panel with a list of layers: 'background', 'wheels', 'New Layer', 'Position Layer', 'Hide Layer', 'Lock Layer', 'Clear Layer', 'Rename Layer', and 'Delete Layer'. A 'Merge with below' button is also present.

Callout 80: A dialog box titled 'Write or draw layer name:' with a text input field containing 'wheels'. Below the input field are buttons for 'Clear', 'OK', 'Cancel', and 'Internationalization & picture ready!!'.

Callout 86: A dialog box titled 'Layer Name' with a large input area for text or graphics.

Callout 88: A dialog box titled 'Layer Name' with a large input area for text or graphics.

Callout 56: A dialog box titled 'Layer Name' with a large input area for text or graphics.

## New, rename invokes the Layer Name window

Merge with below action merges the selected layer and defaults the name to the name of the bottom layer.

80

**Write or draw layer name:**

## Internationalization & picture ready!! 82

98

88  
84

Layer Name window should display right next to the layer selected or right on top of the layer editor window

Layer Name window displays a large input area. Input information (picture or text) is then scaled to fit in the layer editor window.

Forv1 - cannot paste (text or graphic) into the layer name field

Delete layer - does not require a confirmation box
